 Tejpal Singh

SKILLS

- ❖ **Databases:** MongoDB , MySQL.
- ❖ HTML, CSS, JAVASCRIPT

EDUCATION

- ❖ Branch – IT | MLV Textile & Engineering College (*Sept 2023 – Sept 2027*)
- ❖ XII (CBSE) | School – Prince Academy (Sikar) *75.00 % | 2023*

EXPERIENCE

- ❖ **Intern | Telstra** **| AUG'2024 – AUG'2024**
 - Cybersecurity Job Simulation – Telstra (Online)
 - Date = 5/08/2024
 - Malware Analysis: Investigated and analyzed a simulated malware attack, identifying its behavior, propagation methods, and impact on the network.
 - Threat Containment: Implemented measures to isolate and contain the malware, minimizing its spread within the simulated environment.
 - Incident Response: Developed and executed an incident response plan, coordinating actions to mitigate the attack and restore system integrity.
- ❖ **Intern | Internsup** **| JUNE'2024 – AUG'2024**
 - Cybersecurity Intern
 - Cybersecurity Tools: Gained hands-on experience with tools such as Wireshark, Nessus, Splunk, or Metasploit to identify and analyze vulnerabilities.
 - Encryption and Data Protection: Implemented encryption techniques to secure sensitive data and ensure its confidentiality during transmission and storage.
 - Network Traffic Analysis: Utilized tools like Wireshark to analyze network traffic and identify anomalies or potential threats.

CERTIFICATIONS

- ❖ Cyber Security Certificate By InternsUp, Approved by AICTE, year issued 2024.
- ❖ Industrial Training Program in domain of Cyber Security By InternsUp, year issued 2024.
- ❖ Cyber Security Job Simulation By Forage, Approved by Telstra, year issued 2024.
